

TWIN

Recommended

TWIN is the companion album to IXORA. We hope it will be enjoyable as a standalone, alternate version of the album. Additionally, if TWIN is played simultaneously, and in sync with IXORA, you will hear a third version of the record as the two albums were created to play in harmony with each other.

Ideally, the combined album should be played (perfectly in sync) on 2 separate sound systems (on 4 speakers through 4 separate channels). This will create a surround sound effect. Placing the 2 pairs of speakers various distances apart or in different rooms will create different effects.

We recommend you spend time listening to the two albums separately before listening to them together. Knowing the nuances of each one will make for a better experience when they are combined.

- ⁰¹ Have I Always Loved You? ⁰² Disjointed
- ⁰³ I Can Make You Feel Young Again ⁰⁴ Erase
- ⁰⁵ Lavender ⁰⁶ Ordinary (featuring Steff Keoppen)
- ⁰⁷ Like a Lie ⁰⁸ Chiromancer (featuring Steff Keoppen)
- ⁰⁹ World Turn ¹⁰ In Her Arms You Will Never Starve
- ¹¹ Like I Want You (featuring Steff Keoppen) ⁰bonus track
